

# *India Retreat*

## October 9th-21st, 2026

### *Why these dates??*

Plenty of time to save the dates, give time-off notices, & start budgeting!

Dates span 2 weekends & one US holiday = 5 days less to take off work/school

Perfect weather in Rishikesh (daytime highs: upper 80s, night time lows: upper 60s + no rain)

No major US holidays, final exams, graduations, semester starts/ends

Weekday travel dates = cheapest flights

NNK low season has begun

Return arrival on a weekend with time to recoup

Lunar schedule is ideal: New Moon Cycle

Outside of peak season = not as busy, more affordable

Auspicious 10-day festival celebration of Navratri & Dussehra!
